RE: *Northwest Natural Gas Corporation Advice No. WUTC 10-3, Tariff WN U-6, Schedule U, Smart Energy Program, Dockets UG-100677 and UG-140317*

TO ALL PARTIES:

On June 1, 2010, the Washington Utilities and Transportation Commission (Commission) approved Northwest Natural Gas Company's (NWN or Company) tariff filing in Docket UG-100677, which implemented Schedule U, the Company's Smart Energy Program. On February 28, 2014, NWN filed revisions to Schedule U in Docket UG-140317 that include an annual reporting requirement related to program participation.

On October 28, 2011, March 1, 2013, February 21, 2014, March 16, 2015, February 25, 2016, March 20, 2017, and March 5, 2018, NWN filed with the Commission its Smart Energy Annual Reports.

On May 21, 2018, Commission staff (Staff) filed a letter informing the Commission that Staff reviewed NWN's Smart Energy Annual Reports for the years 2010-2017 and determined that its filings fully comply with the tariff reporting requirements.

Based on Staff's review, the Commission finds that NWN's Smart Energy Annual Reports for the years 2010-2017 comply with the reporting requirements set out in Schedule U.
