**UTC STAFF DATA REQUEST NO. 91:**

**Re: Plant Additions (proforma)**

To the extent items grouped by FERC account in Exh. MCP-6, Proposed Plant Addition, are intended to be considered as pro forma plant projects, please:

- a. Provide actual in-service date for each project, as can be confirmed by the investment providing benefit to Washington rate payers; and
- b. Identify each projects' actual total investment, as could be subject to review or audit.

**Response:**

- a. The actual in-service date for each project, as can be confirmed by the investment providing benefit to Washington ratepayers, has already been provided in Exh. MCP-6, 2020 Plant Additions and its associated workpapers. The estimated in-service date can be found in column (I).
- b. Each project's actual total investment has also been provided in Exh MCP-6, as could be subject to review or audit, and can be found in column (G).

Exh. MCP-6 is the best information the Company has at this time.
