Re: *Yakima Waste Systems, Inc. – G-89; Docket No. TG-091775; Request for Exemption from Tariff Filing Interval Requirement*

Dear Mr. Danner:

After lengthy staff review of the above filing, the company and staff have agreed upon revised tariff rates that the Commission would consider on May 27, 2010. We therefore are requesting approval by the Commission on April 29, 2010 to publish revised tariff rates reflecting the revised revenue requirement tentatively agreed upon.

Additionally, in conjunction with these revised rate levels, the company is requesting an exemption from WAC 480-70-266 to allow the revised tariff pages to become effective June 1, 2010. In seeking this exemption for rates to become effective on less than statutory notice, Yakima Waste Systems, Inc. understands that the request for exemption would be for tariff filing purposes only and will not impact whether or not the Commission will authorize the revised rate pages to become effective June 1, 2010. Following action upon our request at the April 29, 2010 open meeting, the company would further intend to comply with WAC 480-70-271(1)(a) and mail notices to affected customers at least 30 days before the requested June 1, 2010 effective date.

Yours truly,
