RE: Avista Docket No. UE-111882

Dear Mr. Danner:

Avista Corporation respectfully submits a "Review of Prospects and Strategies for the 2012 Avista Regular Income Natural Gas DSM Portfolio" report.

During the review of the Company's Biennial Conservation Plan (BCP) in the above referenced docket, Public Counsel and the Commission Staff expressed concerns regarding the cost-effectiveness of Avista's natural gas DSM portfolio. Avista, through that process committed to provide some analysis of these programs by the end of February 2012. Attached is the result of that analysis.

If you have any questions regarding this information, please contact Jon Powell at 509-495-4047 or myself at 509-495-4975.

Sincerely,

/s/Linda Gervais/
