**Re: Docket No. UG-950392 - Amendment to Exhibit A – Filed Electronically**

Dear Mr. King:

Enclosed for filing by Puget Sound Energy (“PSE”) are three copies of Revision Eleven to Exhibit A of the special contract agreement between a predecessor company, Washington Natural Gas Company, and the Boeing Company. The special contract agreement (the “Contract” herein) was approved by the Commission under the provisions of WAC 480-80-335 (now WAC 480-80-143) in Docket No. UG-950392.

Revision Eleven does not make any significant changes to the Contract and is limited to making a change to Exhibit A to the Contract. Exhibit A lists the locations served under the Contract and the amount of firm and interruptible gas to be delivered to each location along with the delivery pressure at each location. The purpose of Amendment Eleven, as provided for in section 4.b. of the Contract, is to change the delivery pressure and the amount of firm gas to be delivered to one service location of the Boeing Company’s facilities that is currently listed in Exhibit A of the Contract.

This Contract revision contains customer specific information and, therefore, PSE requests that it be treated as “Confidential” and identifies the Boeing Company as the party that may be affected by disclosure of the information contained in the Revision Eleven. In accordance with WAC 480-07-160 the Amendment has been marked as “Confidential per WAC 480-07-160”. A redacted copy of Revision Eleven is enclosed with the electronic filing and a confidential version will also be submitted.
