In support of the tariff revisions, the Company is providing the following workpapers:

- Attachment 1 contains the workpapers supporting the Compliance Tariffs - Electric.
- Attachment 2 contains the workpapers supporting the Compliance Tariffs - Natural Gas.
- Attachment 3 contains the baseline revenue per customer calculations for Avista's Electric Decoupling Mechanism.
- Attachment 4 contains the baseline revenue per customer calculations for Avista's Natural Gas Decoupling Mechanism.
- Attachment 5 contains the ERM Authorized Expense and Retail Sales.

Please note the following items that are contained in this Compliance Filing:

1. The Company has included Schedules 75 and 175, "Decoupling Mechanism" to incorporate the approved rate of return of 7.12% incorporated into the earnings test calculation.
2. Per discussions with Commission Staff, the Company has included the associated changes in LIRAP funding related to Schedules 92 and 192 as a supplemental tariff revision in the current dockets (UE-210588 and UG-210589) to become effective October 1, 2021.
3. The Company has included Tax Customer Credit Schedules 76 and 176 which fully offset the rate changes associated with base rates and LIRAP funding. Per Commission Order these tariffs will remain in effect for a two-year period, after which time the Company will make an additional filing to continue the amortization of the remaining balances over a ten-year period.

Please direct any questions related to decoupling (Attachments 3, 4 & 5) to Marcus Garbarino at 509.495.2567 and all other tariff questions (Attachments 1 & 2) to Joe Miller at 509.495.4546.

Sincerely,

/s/ Patrick Ehrbar
