call for the disclosure of highly confidential documents or information, the disclosure of which imposes a significant risk of competitive harm to the disclosing party. Parties may designate documents or information they consider to be of that nature as “Highly Confidential” and such documents or information will be disclosed only in accordance with the provisions of this Section.

Parties must scrutinize carefully responsive documents and information and limit the amount they designate as highly confidential information to only information that truly might impose a serious business risk if disseminated without the heightened protections provided in this Section. The first page and individual pages of a document determined in good faith to include highly confidential information must be marked by a stamp that reads: “Highly Confidential Per Protective Order in WUTC Docket No. UE-001952.” Placing a “Highly Confidential” stamp on the first page of a document indicates only that one or more pages contains highly confidential information and will not serve to protect the entire contents of a multipage document. Each page that contains highly confidential information must be marked separately to indicate where highly confidential information is redacted. The unredacted versions of each page containing highly confidential information, and provided under seal, also must be marked with the “Highly Confidential . . .” stamp and should be submitted on paper distinct in color from non-confidential information and “Confidential Information” as described in Part A.1. of this Protective Order.

Parties other than Public Counsel and Staff who seek disclosure of highly confidential documents or information must designate one outside counsel and no more than one outside consultant, legal or otherwise, to receive and review materials marked “Highly Confidential . . .” In addition to executing the appropriate Agreement required by this Protective Order for “Confidential Information” each person designated as outside counsel or consultant for review of “Highly Confidential” documents or information must execute an affidavit, under oath, certifying that:

- a. They do not now, and will not for a period of five years, involve themselves in competitive decision making by any company or business organization that competes, or potentially competes, with the company or business organization from whom they seek disclosure of highly confidential information.

taken and any records made regarding highly confidential documents and information have been destroyed by shredding or incineration.

Highly confidential documents and information will be provided to Staff and Public Counsel under the same terms and conditions of this Protective Order as govern the treatment of "Confidential Information" provided to Staff and Public Counsel and as otherwise provided by the terms of the Protective Order other than this Section 6.

DATED at Olympia, Washington, and effective this 29th day of December, 2010.
