Subject Motion to Compel

Doug/Chris -- I just spoke with the ALJ, and it looks as if 11:30 may be a more convenient time as a matter of logistics. Obviously, the notice sent out by the ALJ will indicate the time, but I wanted to give you an advanced heads up. If there's a problem with 11:30, let me know. Chris, our motion should be sent electronically within the hour.
