

Dear Judge Caille,

I concur with Mr. Johnson's email and request for an extension of the discovery deadline. There is one very minor matter I wish to correct, which is that Sure-Way's objections to Stericycle's discovery requests were actually served on time as requested by Mr. Johnson on April 8, 2005. I do not see this request as interfering with the rest of our schedule at this time.

Sincerely,

Greg Haffner
