I wrote a letter stating that the letter requesting the payment be fully made was not received timely . Also showed a check showing payment was made at the correct time and is being blamed for not making payment when in deed a payment was made or a staff purposefully hid the check payment to ensure the company was in violation. Also stated upon getting the payment request late we immediately requested a grace period to satisfy the balance and requested a fair few more days to make the final payment a second time to the state (noting first payment was made at the right time) . Also falsely stated in this newest email is that we admitted to providing trucks when it was clearly stated in the last letter that it was through a 3rd party and as such it seems it's clear that punishing sea tac movers was the plan from the start and sea tac movers llc not to be associated with sea tac nationwide movers llc will accept the payment penalty and set up a payment plan with your office . We wish fairness and not being judged before being judged was the case especially after explaining that the 5th deadline was obtained late Friday after your offices were closed .

Should this judgment stand it can only be respected and will be respected . We will reach out to your office and set up a payment plan . Thank you and God bless .
