**Re: PSE's 2016 Renewable Portfolio Standard Report - Correction
UE-160757**

Dear Mr. King:

On May 31, 2016, Puget Sound Energy ("PSE") filed its 2016 annual Renewable Portfolio Standard Report (the "Report") in the above-referenced docket.

It has been brought to our attention that page 1 of the Report (Sections 1 and 2) contains a typo in the 2014 Delivered Load to Customers. This number, previously shown as 21,568,949 MWh, has been corrected to indicate 20,568,949 MWh. Please note that the 2016 Renewable Energy Target was based on the correct 2014 Delivered Load of 20,568,949 MWh and no other parts of the Report are affected by correcting this typo.

A copy of this correction will also be submitted to the Department of Commerce.

If you have any questions about the information contained in this filing, please contact Katherine Barnard, Director, Revenue Requirement & Compliance, at (425) 462-3716.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ken Johnson", is written over the typed name and title.

Ken Johnson
Director, State Regulatory Affairs
