Subject: Carbon and Electricity Markets Stakeholder Working Group - CAISO assistance, UTC Docket UE-190760

Mr. Johnson,

We understand the Washington Utilities and Transportation Commission and the Washington Department of Commerce are in the process of forming a Markets Stakeholder Work Group (MWG) to facilitate implementation of Senate Bill 5116 (E2SSB 5116). In the joint meeting on October 24th, the topic of educational sessions for that work group was discussed.

The California ISO would be pleased to offer its assistance to the Commission and Department of Commerce and could provide subject matter experts that can present relevant information on a wide range of energy topics. Topics could include, but are not limited to wholesale market design, grid and market operation, and how these support efficient, reliable electric service.

We look forward to following the rulemakings and other processes, and will make ourselves available as needed to support the MWG activities or other activities associated with SB 5116. Please contact Phil Pettingill, Director of Regional Integration at ppettingill@caiso.com or (916) 608-7241.

Sincerely,
Stacey

Stacey Crowley
