Description:

The customer writes they ended their Basin Disposal service the week of July 3, 2021, and moved out of state. They've talked to Linda twice and Victor twice about a refund of their credit balance but they have yet to receive their money back. Approximately two weeks ago Victor told the customer the check was in the mail but couldn't provide the date the check was mailed. The customer believes Victor is lying about Basin Disposal mailing the check. The customer states Basin Disposal owes them \$33.56 plus 12% interest, the same as Basin Disposal charged them if they were late. The customer's mailing address is WAC 480-70-421 Customer Information
