BACKGROUND

By petition filed March 29, 2001, in Docket UT-010428, Griffin Broadband Communications, Inc., (Griffin) seeks registration as a telecommunications company and classification as a competitive telecommunications company pursuant to RCW 80.36.350 and 80.36.320. Griffin also filed an initial price list.

DISCUSSION

Griffin proposes to register with the Commission as a telecommunications company to offer the services specified in Exhibit A of its application. Services specified in Exhibit A but not included in its initial price list may not be offered until applicant amends its price list to include the description of service with rates and charges. In support of its petition, Griffin asserts that its services compete with other interexchange and local exchange carriers telecommunication services. Griffin states that customers have readily available equivalent alternatives and that there are no captive customers of the Company's services.

Griffin is a Delaware corporation, headquartered in Bellevue, Washington, and is owned by numerous individuals. Rates, terms, and conditions set forth in the initial price list are structured similarly to rates filed by other interexchange and local exchange carriers for calls placed in the relevant market.

Griffin has provided information showing that it meets the requirements of RCW 80.36.350. Applicant does not propose to collect deposits from customers, or provide alternate operator services, or prepaid calling services.

In conjunction with classification, the Company is seeking waiver of:

Rules invoked include WAC 480-120-022, WAC 480-120-023, WAC 480-120-024, and WAC 480-120-025. Statutes invoked include RCW 80.36.320 and RCW 80.36.350. The ultimate issues are whether Griffin should be registered as a telecommunications company, whether it should be classified as a competitive telecommunications company, and the extent to which it should be relieved of regulatory requirements to which it would otherwise be subject.

This matter was brought before the Commission at its regularly scheduled open meeting on April 25, 2001. The Commissioners, having been fully advised in the matter, and having determined the following order to be consistent with the public interest, directed the Secretary to enter the following order and related provisions.
