BACKGROUND

1 By petition filed August 28, 2001, in Docket UT-011191, TDI Communications, Inc., (TDI) seeks registration as a telecommunications company and classification as a competitive telecommunications company pursuant to RCW 80.36.350 and 80.36.320. TDI also filed an initial price list.

DISCUSSION

2 TDI proposes to register with the Commission as a telecommunications company to offer the services specified in Exhibit A of its application. Services specified in Exhibit A but not included in its initial price list may not be offered until applicant amends its price list to include the description of service with rates and charges. In support of its petition, TDI asserts that its services compete with other interexchange carriers' telecommunications services. TDI states that customers have readily available, equivalent alternatives and that there are no captive customers of the Company's services.

3 TDI is a Delaware corporation headquartered in New York, New York, and is owned by Itai Kathein and Eyal Yechezkel. Rates, terms, and conditions set forth in the initial price list are structured similarly to rates filed by other interexchange carriers for calls placed in the relevant market.

4 TDI has provided information showing that it meets the requirements of RCW 80.36.350. Applicant does not propose to collect deposits from customers, provide local exchange services, or prepaid calling services.

5 In conjunction with classification, the Company is seeking waiver of:

RCW 80.04.300	Budgets to be filed by companies— Supplementary budgets
RCW 80.04.310	Commission’s control over expenditures
RCW 80.04.320	Budget Rules

6 Rules invoked include WAC 480-121-061, WAC 480-121-062, WAC 480-121-063, and WAC 480-121-064. Statutes invoked include RCW 80.36.320 and 80.36.350. The ultimate issues are whether TDI should be registered as a telecommunications company, whether it should be classified as a competitive telecommunications company, and the extent to which it should be relieved of regulatory requirements to which it would otherwise be subject.

7 This matter was brought before the Commission at its regularly scheduled open meeting on September 26, 2001. The Commissioners, having been fully advised in the matter, and having determined the following order to be consistent with the public interest, directed the Secretary to enter the following order and related provisions.
