LETTER REJECTING REQUEST

Re: Docket No. UT-013018; Request of Qwest Corporation and Tsunami Communications, Inc., for Approval of Fully Negotiated Resale Interconnection Agreement

TO ALL PARTIES:

On March 16, 2001, Qwest Corporation (“Qwest”) and Tsunami Communications, Inc. (“Tsunami”) filed with the Commission a request for approval of a fully negotiated interconnection agreement, in Docket No. UT-013018 (“Agreement”). The parties’ signatures appear at page 51, above which the parties agree that “[t]his Agreement constitutes the entire agreement between the Parties . . .”

Attached to the Agreement on a separate page, immediately following the page on which the parties’ signatures appear, is an “Exhibit A – Washington Rates Local Exchange Services Resale of Services”, which purports on its face to replace sections 6.3.8 and 6.3.9 of the Agreement. *See Resale Agreement Between Qwest and Tsunami, at p. 52.*

The agreement does not specify the effect or the purpose of the attachment and the proposal therefore is ambiguous on its face. The Commission rejects the proposal filed in this docket. The time periods under 47 U.S.C. 252(e)(4) will commence when the Commission receives an unambiguous filing or a correction clarifying the current filing.

Sincerely

CAROLE J. WASHBURN
Secretary
