**BACKGROUND**

1 By petition filed April 1, 2002, in Docket UT-020389, Voice Connections, Inc., seeks registration as a telecommunications company and classification as a competitive telecommunications company pursuant to RCW 80.36.350 and RCW 80.36.320. Voice Connections, Inc., also filed an initial price list.

**DISCUSSION**

2 Voice Connections, Inc., proposes to register with the Commission as a telecommunications company to offer the services specified in Exhibit A of its application. Services specified in Exhibit A but not included in its initial price list may not be offered until applicant amends its price list to include the description of service with rates and charges. In support of its petition, Voice Connections, Inc., asserts that its services compete with other interexchange carriers' telecommunications services. Voice Connections, Inc., states that customers have readily available, equivalent alternatives and that there are no captive customers of the Company's services.

3 Voice Connections, Inc., is a Florida corporation headquartered in Naples, Florida, and is owned by Rahman Chowdhury. Rates, terms, and conditions set forth in the initial price list are structured similarly to rates filed by other interexchange carriers for calls placed in the relevant market.

4 Voice Connections, Inc., has provided information showing that it meets the requirements of RCW 80.36.350. Applicant does not propose to collect deposits from customers, provide local exchange services, or prepaid calling services.

5 In conjunction with classification, the Company is seeking waiver of:

RCW 80.04.300	Budgets to be filed by companies— Supplementary budgets
RCW 80.04.310	Commission’s control over expenditures
RCW 80.04.320	Budget Rules

RCW 80.04.520	Lease of utility facilities

6 Rules invoked include WAC 480-121-061, WAC 480-121-062, WAC 480-121-063, and WAC 480-121-064. Statutes invoked include RCW 80.36.320 and RCW 80.36.350. The ultimate issues are whether Voice Connections, Inc., should be registered as a telecommunications company, whether it should be classified as a competitive telecommunications company, and the extent to which it should be relieved of regulatory requirements to which it would otherwise be subject.
