Respondent.)	OF PREHEARING CONFERENCE
.....)	(Set for March 25, 2004, 1:30 p.m.)

- 1 The Washington Utilities and Transportation Commission (Commission) hereby initiates a special proceeding pursuant to RCW 80.04.015 to determine whether Marbello Water Company (Marbello Water or Company) is subject to regulation under Chapter 80.28 RCW and is performing any act requiring approval of the Commission without securing such approval.

- 2 Based on the results of an informal Staff investigation, the Commission believes that Marbello Water may be engaged in business as a water company, as defined by RCW 80.04.010 and WAC 480-110-255, without having filed a tariff as required by RCW 80.28.050 and WAC 480-110-295(3).

- 3 If the Commission determines, on the basis of evidence received in this formal proceeding, that Marbello Water’s activities are subject to the provisions of Title 80 RCW, the Commission may issue such orders as may be necessary to require Marbello Water to comply with the title and the Commission’s rules adopted under that title.

- 4 The Commission also hereby initiates a complaint proceeding pursuant to RCW 80.04.110 and RCW 80.28.020 as to the reasonableness of the rates and charges being charged or collected by Marbello Water.

5 The significant findings of the informal Staff's investigation, which remain to be
6 proven in this formal proceeding, are as follows:

6 (1) Marbello Water owns, controls, and manages a water plant for the purpose of
providing water service to the public for hire in Snohomish County,
Washington.

7 (2) Marbello Water is solely owned by Richard J. Koopmans.

8 (3) Marbello Water has not filed a tariff with the Commission.

9 (4) Water companies are exempt from Commission's jurisdiction if they have
fewer than 100 customers and receive average annual per-customer revenue
of less than \$429.00. Thus, a small company that is below the jurisdictional
threshold could come within the Commission's jurisdiction either upon
connecting its 100th customer or upon receiving, over a period of one year,
average per-customer revenue of more than \$429.00. WAC 480-110-255(5)
details how to determine when the jurisdictional threshold for per-customer
revenue is met.

10 (5) Until August of 2003, Marbello Water charged its customers a monthly flat
rate of \$32.85 plus tax. Effective September 2003, the Company changed from
a flat rate to a metered rate. The Company set the metered base rate at \$32.85
plus a \$0.04 per cubic feet of usage above 750 cubic feet plus tax.

11 (6) As a result of the increases in its monthly charge, Marbello Water—which had
previously been below the threshold—met the revenue test for Commission
jurisdiction as of the end of September 2003. Based on 2002 average usage, its
current rates produce annual per-customer revenue of approximately \$1,114.

12 (7) In accordance with the Commission's rules, the Company should have filed a
tariff to become effective on the date on which its revenues met the threshold
for jurisdiction. WAC 480-110-295.

- 13 THEREFORE, the Commission enters into a full and complete investigation into the
matters alleged and will commence hearings pursuant to Chapter 34.05 RCW and
Chapter 480-07 WAC for the following purposes:
- 14 (1) To determine whether Marbello Water Company is conducting business
subject to regulation under Title 80 RCW and is performing any act requiring
approval of the Commission without securing such approval.
- 15 (2) To determine whether the rates or charges demanded, exacted, charged or
collected by Marbello Water Company for water, or in connection therewith,
or that the rules, regulations, practices or contracts affecting such rates are
unjust, unreasonable, unreasonably discriminatory or unduly preferential, or
are in any way in violation of the provisions of law.
- 16 (3) If it is determined that Marbello Water Company is conducting such business,
to issue such orders as may be necessary to require the Company to comply
with Title 80 RCW and the Commission's rules adopted under that title.
- 17 (4) If it is determined that Marbello Water Company's rates or charges, including
its connection charges, are unjust, unreasonable, unjustly discriminatory or
unduly preferential, or in any way in violation of the provisions of the law, to
determine the just, reasonable, and sufficient rates or charges to be in force as
of the issuance of this complaint.
- 18 (5) To make such other determinations and enter such orders as may be just and
reasonable.
