Dear Commission:

This tariff revision requests the removal of Port Townsend from our operating territory, and the deletion of trips 5 and 6 from our schedule. Port Townsend has had low ridership making the run not cost effective. Passengers can still be serviced at the Hood Canal Bridge connection at the Hwy. 19/Hwy. 104 intersection Visitor Center. We are also currently flagstopping at Discovery Bay and waiting for final approval to add Discovery Bay as an official stop. These two stops service the Port Townsend/ Port Ludlow areas well without interrupting our normal service. Trips 5 and 6 have averaged approximately 1.5 passengers per run, making this service extremely unprofitable, which is the reason for discontinuing these runs. We are also requesting to adjust our departure times from Port Angeles, and Sequim 15 minutes earlier in order to have additional time to catch the Kingston ferry during the busy summer season.

Sincerely,

Jack Heckman
President
Olympic Bus Lines
