RE: General Rate Case Filing

Dear Ms. Washburn:

Please accept the attached electronic filing for a general rate case on behalf of the Company.

H&R Waterworks, Inc. obtained Commission approval in February of this year to adopt the tariffs of six other regulated affiliated companies and to incorporate the activity of one non-regulated affiliate.

The Company has evaluated the entire operation of the consolidated company and is proposing a new tariff (WN U-2) with uniform rates that will support its operation and allow financial viability.

Thank you for your assistance.

H & R WATERWORKS, INC.

Stephen L. Harrington, WDM 3, MBA

General Manager
