2. IntraLATA

a. IntraLATA Presubscription (ILP) is an arrangement whereby an end user may select or be allocated to an IC to place intraLATA toll calls without the 10XXXX or 101XXXX access codes. The end user may select the Company as its ILP PIC, or may select another qualified carrier to transmit intrastate intraLATA calls that are designated as intraLATA Region to Region calls or intraLATA toll calls.

- Only one ILP PIC may be selected for a single Exchange Access Line, but that carrier need not be the same as the presubscribed interLATA carrier for that line.

*This charge is in addition to the charge contained in the National Exchange Carrier Association Tariff F.C.C. No. 5. (N)
