Subject: Brem-Air Disposal, a division of Waste Management of Washington, Inc. (G-237); Tariff No. 20

Enclosed herein, you will find our new Tariff No.20 for the above-referenced company. This tariff replaces Brem-Air Disposal Tariff No.19. In this new tariff, we are requesting adjustments to our rates attributed to increased disposal, maintenance, labor, fuel and other operating and administrative costs since our last general rate increase. In addition, this filing establishes rates for the curbside collection of single stream recyclables in accordance with the requirements of Kitsap County Ordinance 379-2007. A general rate increase was last received by this company on October 1, 2001 nearly six years ago. This new tariff, if approved by the commission, would increase Company revenue by approximately \$862,000 and collectively, residential and commercial rates by 6.6%. This new tariff is being filed with a proposed effective date of October 15, 2007.

Enclosed for your review is an electronic copy of our accounting workpapers, Kitsap County Ordinance 379-2007 and sample customer notices. Customer notices will be mailed on or before September 15, 2007.

We are also requesting that all financial data submitted with this filing which is stamped "**Confidential**" be treated as such per WAC 480-09-015 as its release may adversely affect non-regulated Waste Management operations and entities.

If you have any questions or need additional information, please contact me at (425) 814-7840.

Respectfully,

Michael A. Weinstein
Senior Pricing Manager, Pacific Northwest Market Area
