Re: New Time Schedule No. 68 to replace and cancel Time Schedule No. 67 and LSN for Pacific Northwest Transportation Services, Inc. (C-862)

Mr. Danner:

Pacific Northwest Transportation Services, Inc., d/b/a Capital Aeroporter/Airport Shuttle, respectfully submits the enclosed revised Time Schedule No. 68. The revised schedule adjusts the company's schedule to more accurately reflect recent changes in airline schedules and customer use patterns. The revised schedule provides the same 19 runs schedule to Seatac Airport and reduces from 19 to 17 runs from Seatac Airport.

The reduction from the airport eliminates the 5:55am departure, which has no reservations or passenger on most days, and reduces the (Sunday through Friday) schedule the remainder of the day by 1 run. This increases the average interval between departures by only 3 minutes. The Saturday PM schedule is reduced by 2 trips, one mid-afternoon and one late evening, due to significantly reduced travel during those time periods.

We respectfully request less than statutory notice to make Schedule No. 68 effective March 1, 2009. All customers that have previously scheduled reservations will be individually contacted regarding any necessary time adjustment to their existing reservation, pending WUTC approval.

Customer notice has been posted for Schedule No. 68, to cancel Schedule No. 67, on February 19, 2009, at (1) Capital Aeroporter Ticket Counter at Seatac Airport; (2) in Capital Aeroporter vehicles; and (3) on our web site www.capair.com.

Sincerely,

James N. Fricke
