RE: Annual Securities Transaction Report for 2008 by Qwest Corporation

Dear Mr. Danner:

WAC 480-120-389 directs public service companies that have issued securities during the prior year to file with the Commission by April 1 of each year an annual securities transaction report. At a minimum, the report must contain a description of the final agreements; a description of the use of the proceeds stating the amounts used for each purpose allowed by RCW 80.08.030; the level of expenses for each of the securities transactions; information to determine the individual and collective impact on capital structure; and the pro forma cost of money for the securities transactions.

Enclosed is the required information for equity infusions from Qwest Services Corporation to Qwest Corporation in first quarter 2008. Although Qwest Corporation does not believe that WAC 480-120-389 requires the filing of information for equity infusions, the Declaratory Order and Order Requiring Filing of Information, Docket No. UT-911077, effective January 10, 1992, appears to require the filing of such information.

If you have any questions please call me.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Reynolds".

Mark Reynolds
