Dear Multi-Family Customer,

This is to notify you of a proposed rate change for multi-family rolloff customers in the Allied Waste of Lynnwood areas of Snohomish County. Should the Washington Utilities and Transportation Commission (Commission) approve our request, rolloff customers will experience a rate increase to cover recycling collection.

The proposed rate increase is needed because the Company has discovered that mandatory recycling has not been included in the current rates. Each multi-family account will be able to add recycling service to their collections. **If approved, the proposed rates will become effective July 1, 2009.**
