CUSTOM CALLING SERVICES

II. DEFINITIONS (Continued)

3-WAY CALLING

A feature providing the capability to add a third party to an existing conversation.

TOLL DENIAL

A feature which denies the origination of or termination of calls.

WARM LINE

Allows a customer to establish a switched connection to a predetermined number if the customer does not dial a number within thirty (30) seconds after going off-hook. When the customer's telephone goes off-hook and dialing begins within a specified time delay period, the call will proceed normally as dialed. If dialing has not started before the end of the predefined time delay period, a predetermined stored number is automatically dialed by the central office switching equipment. The connection to the predetermined number associated with Warm Line cannot be changed except by the Company through a Service Order and payment of a Service Order charge.

PRIVACY PROTECTOR

Privacy Protector works to intercept unidentified callers. Calls that can be identified by Caller ID are connected as normal calls. Calls that cannot be identified are intercepted and routed to an announcement, which states that the caller does not accept calls from telemarketers. Callers are pressing 1 will have the call completed to the called number. The Privacy Protector feature can be activated and deactivated by the subscriber. This feature requires that the subscriber must be also subscribe to Caller ID.

OUTBOUND CALL BLOCK

**Blocks all outbound dialing with the exception of abbreviated dialing for 911 (Emergency Reporting Services) and 711 (Service for Telecommunications Relay Services). In addition, all pay-per-use features are blocked. All other Custom Calling Service features are prohibited with the use of this feature and lines equipped with this feature will not have a directory listing. This feature is subject to the availability of facilities and is only available to flat rate business and residence basic local exchange access line service customers.**
