Re: *Proposed Substitute Tariff Pages for Fiorito Enterprises, Inc. and Rabanco Companies, Certificate G-60*

Dear Mr. Danner:

We recently identified errors in the company's current Tariff No. 27 as filed. While we have been appropriately applying tariff rates pursuant to the Commission's last general rate Order No. 3 in TG-081071, when the affected pages were updated in July, 2009 for commodity credit purposes, apparently predecessor rate levels were inadvertently transposed onto the page and, thus, while the commodity credit adjustments were correctly reflected, predecessor tariff levels were published rather than the correct current rate levels pages reflecting the rates approved by the Commission in Order No. 3 Docket TG-081071.

Therefore, please see the attached corrected tariff pages reflecting the rates approved in TG-081071 and the subsequently approved commodity credits. The substitute pages reflect solid waste collection rates that were approved under the 2008 Order and the correct commodity credits subsequently approved under Docket TG-090737 for July, 2009 implementation.

We sincerely apologize for this error and again request that the corrected pages be substituted for the current tariff pages as reflected in the attached 14<sup>th</sup> revised page, No. 21 and 15<sup>th</sup> revised page, No. 25.

Yours truly,

Alex Brenner
