

PACIFIC POWER & LIGHT COMPANY

FOR COMMISSION'S RECEIPT STAMP

GENERAL RULES AND REGULATIONS

4. APPLICATION FOR ELECTRIC SERVICE: Each applicant for electric service may be required to sign an application or a contract before service will be supplied. No contract or any modification thereof shall be binding upon Company until executed by its duly authorized representative.

(a) Applications: The application is merely a request for service, and shall not be accepted until the applicant 1) satisfies credit screening criteria; or 2) pays a deposit or deposit installment to Company. During the period from November 15 until March 15 of the following year, no deposit will be required of applicants, certified by a public assistance agency to be qualified for inclusion in the winter low-income plan. For those winter low-income plan customers, deposits will not be requested until after the March 15 date, if, at that time a deposit is still appropriate.

The application does not in itself bind the Company to serve except under reasonable conditions, nor does it bind the customer to take service for a longer period than the minimum requirements of the applicable schedule.

In any case where two or more parties join in one application for electric service such parties shall be jointly and severally liable thereunder. One bill bearing both names, shall be rendered for electric service supplied in accordance therewith.

In the absence of a signed application for service, the supplying of electric service by Company to the customer's premises and the acceptance thereof by the customer shall be deemed to constitute a contract between Company and the customer, continuing until service to the customer is permanently discontinued, for delivery and acceptance of electric service under the applicable rates, rules and regulations contained in this tariff.

For applicants requesting service connection during normal business hours, no charge will be imposed. For service connections requested after hours a Connection Charge may be collected by Company as described in Schedule 300 before service is connected.
