3) Private Property

a) Normal Construction

Where the Company determines that buried wire or cable is to be used for the service connection, the applicant/customer will provide the trench to bury the network service wire.

Where the Company determines that underground conduit is to be used for the service connection, the applicant/customer will provide the conduit and will own and maintain at applicant's/customer's expense the conduit and underground supporting structure. Such conduit and structure must comply with National Electric Safety Code (NESC) and Company standards. The conduit and underground supporting structure will be the property of the applicant/customer and the cable/wire will be property of the Company.

3) Private Property (Continued)

b) Special Construction

If the applicant/customer requests a different route or type of construction from what the Company has determined to be normal, the additional cost of construction will be borne by the applicant/customer or others requesting the special construction.

c) Relocation of Existing Outside Plant Facilities

When cable/wire is relocated or the type of construction is changed at the applicant/customer's, association, government entity or political division or other third-party requests, the entire cost, (C) less salvage, of removing the old and placing the new construction will be borne by the applicant/customer or others requesting the relocation. Payment for the cost of the change or (C) relocation must be made prior to the change or relocation. (C)

d) Service Extensions to Premises/Locations Where the Company has Previously Extended Facilities

When an applicant or subscriber requests additional service and the existing facilities or service wires from the property line to the premises/location to be served are at capacity, the applicant or subscriber is required to provide any additional support structure for placement of the new facilities when necessary or pay the Company service extension charges from the designated point on the property line to the premises/location to be served.
