Re: Rainier View Water Company, Inc. – Third Revised Sheet No. 11
Canceling Substitute Second Revised Sheet No. 11

Dear Mr. Danner:

Enclosed are the original and three copies of the above-referenced tariff sheet. The purpose of this filing is to add a paragraph addressing the fees to be charged to customers who disconnect and reconnect to the water system within six months.

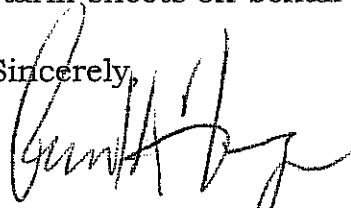

Some customers take advantage of the current tariff language to disconnect when leaving for a warmer climate in the winter months and then reconnect upon return. This practice deprives the Company of the revenue that would otherwise be available from at least the base rate and shifts the recovery of operating expenses to other customers. The Company does not believe it is fair to the other customers to allow this practice to occur.

If this tariff is approved, customers will be notified of the tariff provisions by bill message and any customer that calls to voluntarily disconnect service will be informed by customer service representatives.
