

AVISTA CORPORATION
dba Avista Utilities

SCHEDULE 73
NON-RESIDENTIAL PRESCRIPTIVE PROGRAM
WASHINGTON

1. AVAILABILITY

The services described herein are available to retail electric customers served under non-residential rate schedules subject to Tariff Schedule 91 (Public Purposes Rider Adjustment). Customers receiving electric distribution service provided under a special contract are ineligible for service except as specifically stated in such contract or other service agreement.

2. ELIGIBLE SERVICES

Services provided under this Tariff include direct incentives for the installation at customer premises of specific qualifying non-residential electric or fuel efficiency appliances, equipment or measures within new or existing construction at a customer's premise. The Company may, at their option, provide for efficiency support services applicable to measures eligible under this Tariff to include, but not restricted to, audit services, technology assessment and evaluation, measurement and verification services.

The Company may establish requirements for customer participation within this program to include, but not restricted to, access to premises for pre-project and/or post-project inspection and evaluation and measurement and verification purposes.

Participation in the fuel efficiency components of this program does not preclude the customer from also participating in natural gas efficiency programs for the same project, if otherwise eligible.

3. MEASURES

The Company will maintain and make available for public inspection a list of efficiency measures eligible under this Tariff and the current customer direct incentive. This information will be made publically available at the Company's website, distributed through the Company's outreach program and available in hard copy upon request.

4. FUNDING

Funding for all expenses associated with the execution of the provisions of this Tariff will be provided through revenue levied within Tariff Schedule 91 (Public Purposes Rider Adjustment).

Issued December 1, 2011

Effective January 1, 2012
