RE: Notification of Merger of AT&T Communications of the Pacific Northwest, Inc. and AT&T Corp.

This letter is to advise you that AT&T Corp. will merge with AT&T Communications of the Pacific Northwest, Inc (“AT&T Communications”) (collectively, “AT&T”), with AT&T Corp. being the surviving entity. As such, AT&T requests that the Washington Utilities and Transportation Commission (“Commission”) recognize AT&T Corp. in lieu of AT&T Communications of the Pacific Northwest, Inc.

The proposed merger is part of a multi-state initiative to consolidate in AT&T Corp. the provision of telephone services that are currently provided through multiple state-specific subsidiaries of AT&T Corp. AT&T Corp. is the sole stockholder of AT&T Communications. The transaction will be entirely pro forma in that it will involve only AT&T affiliates and no non-affiliated entity. AT&T Corp. will merge with AT&T Communications, with the surviving entity being AT&T Corp. The entities are coordinating merger proceedings in multiple states with an expected implementation date of October 31, 2012.

AT&T Communications is a competitive local exchange carrier that provides local, long distance¹ and prepaid calling card services in Washington. At the time of the merger, the only change customers will see is the service provider name on their telephone bill. Customers’ services and the prices, terms and conditions for those services will not be affected.

AT&T began providing notice of this change via a bill message to consumers in June 2012 with notice to small and large business customers starting in July 2012. The bill message will continue through October 2012 and is attached hereto as Exhibit 1. Additionally, the AT&T entities involved in this merger will revise service guides to reflect the change in provider name from AT&T Communications of the Pacific Northwest, Inc. to AT&T Corp. Exhibit 2 is the current and revised organization charts for AT&T Communications. AT&T Corp’s registration with the Washington Secretary of State is attached as Exhibit 3.

¹ See In re AT&T Communications of the Pacific Northwest, Inc., Cause No. 86-113 (June 1987) and In the Matter of the Petition of AT&T Communications of the Pacific Northwest, Inc. to Amend its Classification as a Competitive Telecommunications Company, Docket No. UT-960248 (January 1997).

If you have any questions regarding this notice or the underlying transaction, please feel free to contact me at (512) 330-1698.

Very truly yours,
