**RE: Certification of Support for High-Cost Eligible Telecommunications Carrier  
Pursuant to 47 C.F.R Section 54.314, WC Docket No. 10-90**

To the Filing Representatives:

The Washington Utilities and Transportation Commission hereby certifies that all federal high-cost support provided to Eligible Telecommunications Carriers (ETCs) in Washington was used in the preceding calendar year and will be used in the coming calendar year only for the provision, maintenance, and upgrading of facilities and services for which the support is intended, consistent with section 254(e) of the Communications Act of 1934, as amended. This includes High Cost Loop (HCL) support, Local Switching Support (LSS), High Cost Model (HCM) support, Interstate Access Support (IAS), Interstate Common Line Support (ICLS), Safety Net Additive (SNA), Safety Valve Support (SVS), Connect America Fund (CAF), and Mobility Fund.

Attached is a list of all high-cost ETCs certified by the Washington Utilities and Transportation Commission pursuant to sections 54.314 of the FCC's rules (47 C.F.R. § 54.314), which require states to provide an annual certification for carriers receiving federal high cost support.
