January 28th, 2013

Dear Valued Commercial Customer,

This is to notify you of a proposed rate change for commercial services in the Allied Waste Services of Kent areas of King County. Should the Washington Utilities and Transportation Commission (Commission) approve our request customers will experience an overall rate increase throughout all classes of service.

As you may know, it has been nearly six years since our last general rate case. In that time Allied Waste of Kent has experienced increases in all of the costs key to delivering our services; including labor, fuel and maintenance costs. In addition, the company continues to invest in new assets to ensure it can deliver the safest, most efficient service possible. **If approved, the proposed rates will become effective March 1, 2013.**

The commission has the authority to set final rates that may be either lower or higher from the company's request, depending on the results of its investigation. Commission staff will make a recommendation to the commissioners at an open meeting in Olympia, which is scheduled for 9:30 a.m. on February 28, 2013.
