

WN U-2  
Third Revised Sheet 2.1  
Cancels Second Revised Sheet 2.1

**LEWIS RIVER TELEPHONE COMPANY, INC.**  
Washington

---

**SCHEDULE 1  
LOCAL EXCHANGE SERVICE**

Conditions: (Continued)

5. Unless facilities or operating conditions limit the availability of the service, each subscriber must subscribe to Option A, Option B or Option C. During the first six months of service, a customer who subscribes to one option may switch to another option without paying a non-recurring charge. For any change of option subsequent to the first change of option made within the first six months of service and for any change made after the first six months of service, the non-recurring charge for a service order Schedule 3 shall apply.
6. The Charges Per Call are for Extended Area Service between the following exchanges: (1) LaCenter to Vancouver, Battle Ground, Ridgefield, Yacolt, and Woodland; (2) Amboy to Battle Ground and Vancouver; (3) Yale to Woodland; and (4) Cougar to Woodland.
7. Extended Area Service for those routes described in Condition 7 shall be terminated upon approval of separate schedules which may be submitted by the Company in the future. The Company will file for an approval of another Extended Area Service schedule if the Community Calling Fund or a similar fund is created and funded or if other conditions develop which make such a filing warranted. In such an event, there shall be no "grandfather" rights to continued Extended Area Service under this schedule.
8. Call Detail EAS allows subscribers to receive a detailed bill of all EAS calls for EAS routes. Billing detail depicts each such EAS call by number called.
9. Second Line EAS Restriction allows the customer to restrict a second line against making EAS calls.
10. No service non-recurring charge shall apply for any change or move to or from Option A, B or C during the first ninety days following the date this sheet takes effect.
