NOTICE of “temporary interruption of service from Field's Point Landing on 11/13/13 & 11/15/13”

To Whom It May Concern:

The U.S. Forest Service has advised us that they need to make immediate repairs on the Field's Point Dock to insure that the dock remains structurally stable and continues to provide safe access for the public.

We will not be able to land at the dock on 11/13/13 and 11/15/13. Ridership is historically very low on these dates. We do apologize for any inconvenience but are very supportive of the dock being maintained in a safe condition.

Sincerely,
Jack Raines
Jack Raines
President
