RE: Lincoln County Transfer Station Tipping Fee and Rate Increases - Effective January 1, 2014

Dear Sir or Madam,

I am writing this letter to notify you that the Board of County Commissioners has directed me to move forward with notice of rate increases to be implemented at the Lincoln County Transfer Station. The rate increase will be by Resolution of the Board, adopting the following rates as summarized in the attached Exhibit A, effective January 1, 2014.

As much as Lincoln County has tried to keep rates as low as possible, the costs to dispose of solid waste remains subject to annual price escalation based on the Consumer Price Index (CPI-U) imposed by others.

This rate increase for program fees is covered under current agreements between Lincoln County and all cities, towns, and rural haulers transporting waste outside Lincoln County. Also attached please find a spreadsheet showing last year's rates and the rates to be effective January 1, 2014.

Please don't hesitate to call me at (509) 725-7041 if you have any questions.

Sincerely,

Rick Becker  
Public Works Director

Lincoln County Department of Public Works
