SCHEDULE NO. 50
Limited Street Lighting Service

(T)

Availability:

1. Compact Fluorescent Energy Only service hereunder is limited to Customers receiving service under this schedule as of May 30, 2014. (C)
(C)
2. Mercury Vapor Lighting Service hereunder is limited to Customers receiving service under this tariff at locations existing as of November 23, 1979. Code A service will be discontinued when replacement mercury vapor lamps are no longer available in the market. (N)
(N)
3. No new installations or additions to existing systems or relocated fixtures will be served by the Company under this schedule.
4. This schedule applies to existing dusk-to-dawn compact fluorescent and mercury vapor lighting of streets, alleys, and other public thoroughfares with installations of at least five (5) lamps with Energy supplied from the Company's existing distribution system. (C)
(T)

Monthly Rates Per Lamp:

Customer-Owned Energy Only Compact Fluorescent Lighting Service (Code B) (Billed as Schedule 003): (C)
(N)

Lamp Wattage	KWhs per lamp per month	Monthly Rate
22 Watt	10	\$0.87

(C)

Customer-Owned Mercury Vapor Lighting Service (Code A):

Lamp Wattage	KWhs per lamp per month	Monthly Rate
100 Watt	44	\$5.94
175 Watt	74	\$8.74
400 Watt	161	\$17.15

Customer-Owned Energy Only Mercury Vapor Lighting Service (Code B):

Lamp Wattage	KWhs per lamp per month	Monthly Rate
100 Watt	44	\$4.05
175 Watt	74	\$6.85
400 Watt	161	\$15.14
700 Watt	273	\$28.57

(D)

Special Terms And Conditions:

1. Installation and maintenance of Customer-Owned systems: A system installed and wholly owned by the Customer shall conform to the Company's specifications for such type of system in effect at the time of installation and shall have been installed without expense to the Company.

SCHEDULE NO. 50
Limited Street Lighting Service (Continued)

(T)

- 6. Other Loads on Lighting System: Unmetered service under this schedule shall only be used for the lighting specified in the Monthly Rates section of this schedule. Where installations include provisions for other or additional usage, such as electric outlets (festoon outlets), they must be metered and billed under the appropriate general service schedule.
- 7. Removal of Lights: The Customer shall notify the Company of all removals of Customer owned lights on a timely basis. This notification shall include lights to be removed from the Customer's billing due to annexation or other transfer to another Customer.
- 8. Billing Information to Be Provided by the Company: For each type and wattage of light the Company shall provide the total number of lights billed and the total dollar amount for the month by lamp size and type.
- 9. Audit: The Company may from time to time, at its discretion, audit the Customer's installations. In the event discrepancies are discovered in the audited sample, the Company may audit the entire Customer system. If the audit shows that the Customer has unduly added lights or other lighting facilities without the Company's consent, the audit will be at the expense of the Customer and all lights and lighting facilities not included or included at an incorrect size or type will be billed effective from the first date of connection, if ascertainable, or for the last 3 years, whichever is less. If the audit shows that the Customer has reduced the number of lights or lighting facilities in use, the audit will be at the expense of the Company, and the Customer will get a credit effective from the first date of removal from service.
- 10. Conversion of Lights to Sodium Vapor or Light Emitting Diode (LED): Sodium vapor and LED luminaries are more efficient than mercury vapor therefore the Company is encouraging the conversion of mercury vapor lights to sodium vapor or LED luminaires by allowing Schedule 50 mercury vapor lights, once converted by the Customer, to take service under Schedule 53 or Schedule 54, as applicable. Where sufficient working clearances do not exist, service must be taken under Schedule 53 with the Company supplying maintenance. The Customer shall bear all costs of conversion.

SCHEDULE NO. 50 (T)
Limited Street Lighting Service (Continued)

Tree Trimming: It shall be the responsibility of the Customer to provide tree trimming services in areas that are below the height of luminaires installed under this schedule except when luminaires are installed within the area of energized electrical wires that is restricted to qualified utility workers. The Company shall be responsible for tree trimming within this restricted area. (M)

Adjustments: Rates in this schedule are subject to adjustment by such other schedules in this tariff as may apply. The adjusting schedules that apply to this schedule are the same as those adjusting schedules that are applicable to all lighting schedules. For sizes or types of lights not listed in the adjusting schedule, the adjustment rates are to be based on the same average rate per kWh that is applicable to all other lighting schedules. (N) (M)

Third Party Damage: Customer-Owned Installations: The Customer shall pay for repair and/or maintenance work required (including replacement of damaged parts, if necessary) caused by actions of third parties, whether by accident or otherwise. (N)

Additional Costs: The manner and type of construction, maintenance and outdoor lighting standards are subject to applicable governmental authority or law. Where a Customer or a government body makes a request or requires a change that increases the Company's cost of providing service or maintenance under this Schedule and that increased cost is not reimbursed by an agency of the government or other person or entity, the increased cost shall be paid by the Customer. For example, where a permit is required to be purchased which increases costs for maintenance of street lighting, the cost of the permit plus Company costs and overheads shall be paid by the Customer.

Where the applicable governmental authority or law has the effect of, or results in, the Company not being able to respond within seventy-two (72) hours to a notification of an inoperable light, the Company shall not be responsible to credit the Customer's billing as provided in the "Notification of Inoperable Lights" section above. For example, if the Company has to obtain a permit prior to responding, there shall not be any credit to the Customer's billing.

General Rules and Provisions: Service under this schedule is subject to the General Rules and Provisions contained in this tariff.

SCHEDULE NO. 54
Customer-Owned Street Lighting Energy Service
Sodium Vapor and LED

(T)

Availability:

1. This schedule is available to municipalities, agencies, or subdivisions of government or community associations and similar organizations and applies to electric energy for dusk-to-dawn sodium vapor or Light Emitting Diode (LED) lighting of streets, alleys, and other public thoroughfares which can be served from the Company's existing distribution system, with the following limitations. (N)
2. After June 1, 1998, service is available only to those Customers who are receiving service under this schedule as of June 1, 1998.
3. After June 1, 1999, no new installations or additions to existing systems or relocated fixtures will be served by the Company. However, existing Schedule 54 installations may be converted to LED service and existing Schedule 50 mercury vapor luminaries, once converted to sodium vapor or LED may be transferred to billing under Schedule 54, subject to the terms of Schedule 50 and herein. (C) (C)(N) | (N)

Monthly Rates Per Lamp:

Energy charges per lamp:

Sodium Vapor Lamp Wattage	Rate per Month per lamp
50	\$2.02
70	\$2.94
100	\$4.14
150	\$6.01
200	\$7.96
250	\$9.88
310	\$13.49
400	\$15.43
1000	\$38.84

SCHEDULE NO. 54

(T)

Customer-Owned Street Lighting Energy Service (Continued)
Sodium Vapor and LED

Additional Costs: The manner and type of construction, maintenance and outdoor lighting standards are subject to applicable governmental authority or law. Where a Customer or a government body makes a request or requires a change that increases the Company's cost of providing service or maintenance under this Schedule and that increased cost is not reimbursed by an agency of the government or other person or entity, the increased cost shall be paid by the Customer. For example, where a permit is required to be purchased which increases costs for maintenance of street lighting, the cost of the permit plus Company costs and overheads shall be paid by the Customer.

Where the applicable governmental authority or law has the effect of, or results in, the Company not being able to respond within seventy-two (72) hours to a notification of an inoperable light, the Company shall not be responsible to credit the Customer's billing as provided in the "Notification of Inoperable Lights" section above. For example, if the Company has to obtain a permit prior to responding, there shall not be any credit to the Customer's billing.

Conversion to LED: The conversion of existing sodium vapor luminaires to LED is allowed in a one for one conversion with no new additions, subject to the Customer providing the Company with an inventory of all luminaires on the system indicating which have been converted to LED. For each location converted to LED the inventory needs to include the sodium vapor wattage removed, the connected wattage of the new LED luminaire including the driver, approximate street address, pole tag number and GPS location. Billing will be updated effective on the first of the month in which the inventory is received by the Company or the date of conversion, whichever is later. (T)

Conversion of Schedule No. 50 Luminaries to LED or Sodium Vapor: For Customers with existing Schedule 54 systems, the conversion of existing Schedule 50 mercury vapor luminaires to sodium vapor or LED and transferring to Schedule 54 is allowed in a one for one conversion/transfer with no new additions, subject to the Customer providing the Company with an inventory of all luminaires on the system indicating which have been converted and to what light source. For each location converted to LED or sodium vapor the inventory needs to include the mercury vapor wattage removed, the connected wattage of the new LED or sodium vapor luminaire including the driver, approximate street address, pole tag number and GPS location. Billing will be updated effective on the first of the month in which the inventory is received by the Company or the date of conversion, whichever is later. (N)

General Rules and Provisions:

Service under this schedule is subject to the General Rules and Provisions contained in this tariff.
