Re: *Certificate #BC-64619 Sean McNamara d/b/a Bellingham Water Taxi*

Dear Mr. King,

The above listed certificate holder requests to temporarily discontinue passenger and freight service between Bellingham and Obstruction pass. With flag stops at Orcas landing, Brandt's landing, Eliza, Sinclair, Blakely, and Lopez Islands. As well as seasonal passenger and freight service between Bellingham and Friday Harbor, with flag stops at Vendovi and Cypress Islands.

The vessel used for this service is owned by Salish Mariner LLC which consists of a 50/50 partnership between myself and 1 other member. The partnership is failing and the two parties cannot come to agreement on insurance, moorage and service at this time. These issues must be remedied in order to meet commission requirements, and to provide the public with a much needed service. I am requesting a temporary discontinuance for a 12 month period effective November 27, 2014 through November 27, 2015.

Please schedule this request to temporarily discontinue passenger and freight service for the next commission open meeting which I believe is November 26, 2014.

Thank you for your time, and please contact me with any concerns.

Sincerely,

Sean C. McNamara
