Re: Commodity Credit Adjustment for Mason County Garbage Co., Inc. G-88.

Dear Mr. King:

Attached please find revised pages for Tariff Number 13, as well as supporting documentation for the commodity credit adjustment. Tariff pages 1, 21 and 21A are affected by this change.

The credit will increase from \$.41 to \$.65 (59%) per residential customer per month.

If approved, by the Washington Utilities and Transportation Commission, the revised commodity credit will go into effect on November 1, 2015. The customers will receive notification of this change on the first billing reflecting the change.

Our Company hereby notifies the Commission that 2014-2015 is the last year Mason County Garbage will participate in the revenue share program. Mason County's Solid Waste Program Manager and our Company have agreed to opt out of the revenue share program as of September 1, 2015. As of September 1, 2015 we will now refund 100% of the proceeds received from the sale of residential commingle materials to residential customers. Mason County Garbage will continue to work closely with Mason County to ensure all aspects of the Mason County Solid Waste Plan are met and will continue to educate residents of the County about recycling.
