Re: Iliad Water Services, Inc.: First Revised Sheet No. W-101 Canceling Original Sheet No. W-101; Original Sheet No. W-101.2; Original Sheet No. W-101.3; Original Sheet No. W-101.4; Original Sheet No. W-101.5; Original Sheet No. W-101.6; Original Sheet No. W-101.7; Original Sheet No. W-101.8; Original Sheet No. W-101.9

Dear Mr. King:

This transmittal letter is filed pursuant to WAC 480-80-104. The tariff sheets are identified above.

The purpose of this filing is to add to the tariff of Iliad Water Services, Inc. the system specific service connection charges and other charges, such as those assessed by Clallam County PUD for the Lower water system and the facilities charge that is applicable to any particular water system.

Pursuant to the Commission's authorization in Docket No. UW-150688 certain identified water systems were merged into Iliad Water Services, Inc. Iliad Water Services, Inc.'s tariff was updated to add the monthly recurring charges for water service from those merged companies. However, due to an oversight, the system specific service connection charge, third-party charges and facilities charges were not included.

As a result, a text change is needed to W-101 to clarify its applicability and new sheets are filed for system specific charges. The charges are not increased for any water systems for the rates by the predecessor company. The charges involving the Lower water system that are established by Clallam PUD are now clearly identified as such. The services that are added are new services to Iliad Water Services, Inc. and did not reflect a rate change for company charges.

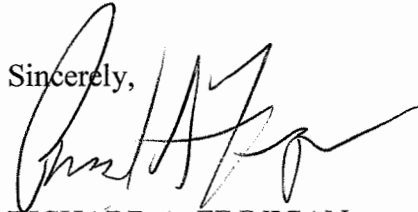

Pursuant to WAC 480-80-123, since the change to sheet W-101 is a change that does not

affect rates or charges and the new filings under the other tariff sheets reflect services not previously contained within Iliad Water Services, Inc. existing tariff, filing is done on a one day notice prior to the effective date.
