RE: Tariff Submittal, Tariff Number 27, Original Tariff, American Disposal Co., Inc. G-87.

Dear Mr. King:

Attached please find original pages for Tariff Number 27, for American Disposal Co., Inc. G-87.

We are filing this filing in accordance with Order No. 3, Section 8, which was issued in TG-130502 and mandates us to file a general rate case no later than April 1, 2016, using calendar year 2015 as the 12-month test period. With this filing, we respectfully request the Commission approve a general rate increase to recover higher costs for wages, employee benefits, and new facilities for our Company.

The increase is proposed as follows: Residential service \$84,500, 2.03%; commercial service \$30,700, 2.03%; multi-family service \$7,600, 2.04%; roll-off service \$4,700, 2.03%; and residential/multi-family recycling service \$35,800, 2.10%. There are approximately 17,700 residential; 600 commercial; 400 multi-family; 40 roll-off; and 18,300 recycling customers affected by this change.

We combined the results of the single family, multi-family, and recycle station Lurito-Gallagher's to achieve the results above, as was instructed during TG-130502.

The last general rate increase approved by the Commission became effective October 16, 2013.

Attached are the proposed tariff pages containing the increased rates, as well as supporting documentation for those changes. If these rates are approved by the Washington Utilities and Transportation Commission they are intended to become effective on May 1, 2016.

Please note that our filing includes certain documents that contain valuable commercial information and is therefore being submitted in accordance with the procedures established in WAC 480-07-160. It is presented in one submission to the web portal, but in three separate parts. Part 1 includes both electronic (native file format) and a PDF copy of all files that do not contain confidential material. Part 2 contains confidential unredacted files in both electronic and PDF format. All confidential portions of these files are marked "Confidential per WAC 480-07-160" and are shaded in grey so confidential portions can easily be identified. Part 3 contains the confidential redacted files in PDF format only. In addition, paper copies of the confidential and confidential redacted workpapers will be submitted, with the unredacted workpapers printed on yellow paper with the confidential information clearly designated, and contained in a sealed and labeled envelope.

A rate increase notification letter will be mailed to all customers affected by these proposed changes no later than March 31, 2016. A notice letter will also be delivered on or before March 31, 2016 to the office of the Pierce County Council Chair.
