Dear Mr. King;

Enclosed is a copy of the contract between Cedarland Forest Resources and Washington Water Service Company (WWSC) for the water main extension to serve the Parcels 0122214005, 0122214058 and 0122214057 in Pierce County, which is serviced by the Minterbrook Water System, DOH ID #54740B. This agreement has been signed by Joe Cedarland and countersigned by Scott A. Bailey, General Manager of WWSC.

The developer has chosen to hire an outside contractor and WWSC will be providing engineering services. Estimated engineering costs are identified on Exhibit A as \$8,700. A deposit in the amount of \$1,000 has been received. The final amount due will be billed based on actual hours and materials. WWSC will also be requesting a payment of \$750 to make the final connection from the water main extension to the water system.

Upon completion and certification of the extension, the developer will provide to WWSC a Bill of Sale which will transfer ownership of the facilities to the company.

A vicinity map showing the location of the lot is included with this filing. Please do not hesitate to call me at 253-851-3422 ext 1105, if you have any questions.

Sincerely,
