RE: WAC 480-143-190 Property Disclosure Report

In accordance with WAC 480-143-190, Pacific Power & Light Company (Pacific Power or Company), a division of PacifiCorp, submits this report with the Washington Utilities and Transportation Commission (Commission) with a list of items transferred without commission approval during the previous calendar year, except items whose fair market value is less than the greater of 0.01 percent of the company's last rate base or two thousand dollars.

Using rate base balances authorized by the Commission in Order 08 in Docket UE-152253,¹ this threshold is \$80,496. Please note that only items allocated to Washington using the West Control Area inter-jurisdictional allocation methodology are considered in preparing this report.

On November 20, 2016, the Company reclassified a release pond at Lewis River from utility to non-utility. The Company provides the accounting details of the transaction in Attachment A. Provided as Attachment B is the affidavit required by WAC 480-143-190 demonstrating the item was not necessary or useful to perform Pacific Power's public duties and that Pacific Power received fair market value for the item.

Please direct any inquiries regarding this filing to Ariel Son, Regulatory Projects Manager, at (503) 813-5410.

Sincerely,

R. Bryce Dalley
Vice President, Regulation
