I recently moved from a 1BR apartment to another nearby 1BR, using these movers.

**Positives:**

- Friendly movers
- No damage to any furniture or apartments

**Negatives:**

- The movers showed up without any packing supplies, even though I originally messaged the owner inquiring about packing and unpacking services. They then had to go to Home Depot to buy supplies (not sure if you're charged for packing supplies if they bring them, but this ended up adding \$80-90, as well as a 1 hour delay). They didn't charge us for the time to go to Home Depot, but this was an inconvenience with having to re-coordinate with building managers.
- I was originally quoted an estimate of 3-4 hours. From the movers originally showing up at 8am, they then stayed until 3.45pm. I was charged for 6.25 hours, excluding the Home Depot run, which was still much longer than the estimate (especially since the two apartments are just a few mins drive apart). This ended up costing us much more than we were planning to spend on movers.
- The movers accidentally took parts of a couch which I specifically requested that they leave in the old apartment.
- The movers left some things in the old apartment for no apparent reason (e.g. some clothes in the closet), so we had to do a second run of moving things... Which defeats the purpose of having packers and movers.
- They re-assembled my furniture, but soon after they left several parts of my bed fell apart (the diagonal crossbeams under the mattress/slats). This really annoys me - I would rather that they tell me that they can't do it, than do it incorrectly and charge me for that time. Three of these fell off while putting bed linens on (i.e. not much weight on the bed), meaning that they really weren't attached securely at all -- this is also an irresponsible safety risk, as the slats and mattress could have fallen through while on the bed.

Although the movers were nice enough, these negatives really outweigh the positives for us, and we wouldn't use them again or recommend them.

These guys are AMAZING. They were super flexible when we had to push our move back a week, arrived promptly at the estimated time, and moved our entire 1br apartment in less than 4 hours, including travel! Luis and Lamond were professional, communicative, friendly, and incredibly capable. We we're so grateful for their services and will recommend them to any friends moving. I moved with them 2 years ago and I wrote this review back then and forgot to hit "Post" (so sorry!):

I asked for these services:

- 1) Same city move from two apartments into one
- 2) Full pack w/ materials and light unpacking (basically, everything out of boxes and let us organize)

Because of the two apartments they did the packing one day and the moving and unpacking next. To smooth things along I also called all apartment managers, set up reserved load/unload as close to the entrances & ramps as possible, and borrowed traffic cones to cone off the fronts where ever managers weren't helpful

They were awesome at packing, moving, and unpacking. On time, fast, careful with delicate items we pointed out, and they're just really fun to be around which is great when you're under the stress of moving.

Louis and Carl were the best movers we have ever had! We are not new to moving and have had a variety of experiences. Nothing could top the careful yet swift moving skills that our movers had. They helped us pack our apartment in addition to the physical moving and took special care with everything that was fragile. I was amazed at how beautifully they packaged everything. Louis and Carl were very personable and made the moving experience enjoyable. They even took our unwanted furniture to the dump for us. I appreciate everything they did and can't wait to hire them for our future move! I would recommend this moving company to anyone who is looking for fast, friendly, and reliable movers.

Deavon, Chris and the team: thanks a lot for a fantastic service and great experience. They helped me moving furniture from my condo into a temporary storage for the time of recarpeting project. These guys are an energetic, accurate and efficient team. It was very nice of them to accommodate some of my specific asks about timing and project costs, exceeding any expectations. I will gladly recommend this team to anyone.

I had a great experience couple years ago so referred them to my brother for his move in Lynnwood which took place Aug 15. Apparently, he was charged 4hrs for a 2.5 hour move, AND things were broken from stuff being thrown down from the balcony. It will be tough to recommend them again... really should take better care of word-of-mouth referrals, that's at least a -3 score swing!

I give these guys top marks. I have used them before and was completely satisfied, so I used them again in May for 2 moves. First I moved from my apartment to my new place (all in Seattle). Then I needed help moving the stuff from my storage unit to my new place. Both times they were on time, and charged a fair price. They were very good about packing the truck in a sensible way; they obviously had experience with how to do this. They were careful about my things, and when moving things into my new place, they were very good about placing things where I wanted them. Even rolling out a big rug exactly as I wanted it. Moving stuff into my place from the storage unit was a bit of a challenge, as I have moved into a smaller place than all of my things originally came from (I will be sorting through all of this and getting rid of a fair bit of it over the next months). Luis and Aaron were very helpful in getting the boxes and trunks into a few storage nooks in my apartment, one of them was a crawl space (couldn't stand up in it). They helped organize how to best fit things in. In addition to spending 4 hours on my move, they then cheerfully (if a bit tiredly) moved things from my friend's apartment which was just around the corner. So another 1 1/2 hour for them after finishing the main job. These people are easy to work with, honest, work hard, and want to do a good job. I recommend them.

Louis and Ricky did a fantastic job with our move! At its best, moving sucks, but these two guys worked their butts off and never complained about all the heavy stuff they had to load into their truck and unload into our new house: a huge LP collection, a heavy hide-a-bed, and heavy office furniture were all carefully handled. There was a special glass and mirrored table that they took extra special care to move. None of our things were damaged. The only thing I wish was different was the size of their truck. Had it been a 20 footer instead of 16 we could've done it in one trip instead of two. Our friend's business has used I Heart Movers twice, and we were referred by them. We will refer our friends in the future. Oh! And they're less expensive than the other local movers we contacted. That's important! Thanks guys!

I have used I Heart Movers twice in the past year. They are reliable, friendly, and cheaper than their competition. When they arrived on time for my move, I was happy to see that Luis was one of the movers. He had helped me with my last move and he remembered the set up of the house, which he explained to the new mover, KJ. Both Luis and KJ were polite and friendly. They asked questions to make sure that they got everything on the truck. When in my new apartment, KJ asked where things should go before placing the furniture. When they were done, my new place felt like a home even with the boxes unpacked. I would highly recommend this company!

Deavon and his team did a fantastic job in making the ever-painful process of moving a little bit more bearable. They were on time, moved fast, had a very positive attitude and listened to our preferences. None of the items were damaged and the move was over in 4 hours (whereas the last time I moved, the movers took 7 hours to move a 1 bedroom apartment). There was a miscommunication on the negotiated hourly rate and Deavon handled it professionally and actually came back to refund the extra amount to us. Highly highly recommended.

This is the second time I used their services in the last 2 years and I am pretty happy. Deavon and his team are very professional and reliable and easy to work with. The movers called me few minutes before arriving and completed the move pretty efficiently within my schedule. It was raining quite a bit on the day of the move and they took good care of my stuff to make sure it doesn't get wet. I hate moving every year, but these guys make it simple. I used these guys 3 times to move furniture in preparation for floor refinishing, recarpeting & staging. The owner got back to me right away when I initially contacted him & was able to help me at the times & days I wanted all 3 times. His 2 people were prompt, extremely careful with my stuff, very courteous & fun to work with! Lewis, the lead mover, was especially helpful. I'd use them again in a shot! Excellent work, guys!!! Lied to me on the phone, told me that they would only charge for actual time and they charged me the 2 hour minimum. I explained I have 4 things (mattress, box spring, sofa, coffee table) to move 1/4 mile, so I went with them since they agreed to charge for actual move time. The two movers were fine and got the job done, but was surprised to be billed the 2 hour minimum.

Update-owner contacted and sent me back the balance. He apologized for the confusion. Very stand up move.

**RE: Household Goods Moving in Washington State**

Dear Mr. Taylor:

The Utilities and Transportation Commission has information that you are conducting household goods moves within the state of Washington. Advertisements for your household goods services have been found on [www.iheartmovers.com](http://www.iheartmovers.com), [www.facebook.com](http://www.facebook.com), and [www.yelp.com](http://www.yelp.com). You do not have a valid permit, as required by state law, to conduct this type of work. Conducting household goods moves requires a permit issued by the commission.

To avoid enforcement action, your complete household goods permit application, supporting materials, and application fee must be submitted to the commission by **Feb. 6, 2018**.

**Until you obtain a permit, you must immediately cease operating as a household goods mover in Washington State.** Operating as a household goods mover without the required permit is illegal and subject to a penalty of **\$5,000 per violation**. This means that you may receive this penalty for each day you operate in violation of the law.

**You must also immediately cease advertising as a household goods mover in Washington State.** Advertising for the transportation of property for compensation in Washington without a proper permit is against the law. The penalty for advertising without a permit is **\$5,000 per violation**. This means that you may receive a penalty for each and every advertisement. At this time, the commission has documented advertisements for household goods moving services from I Heart Movers, LLC.

**If you advertise or operate as a household goods mover without a permit, the commission will take enforcement action against you.** Such action may include the above-mentioned financial penalties; and you will be served with a subpoena and be required to appear before a judge.

Again, to avoid enforcement action, your complete application, supporting materials, and application fee must be submitted to the commission by **Feb. 6, 2018**.

If you have questions about the household goods laws, please contact Brian Braun, Compliance Investigator, at (360) 664-1129.

Should you decide to apply for a household goods moving permit, please note that you still may not operate as a household goods mover in Washington State until you have received a permit. To request a permit application, please call (360) 664-1222. You may also download an application from the commission's website at [www.utc.wa.gov/mover](http://www.utc.wa.gov/mover).

Sincerely,

Mike Turcott

Per our conversation here is our hourly rate and necessary information.

hourly rate 2 men 16' truck 110/hr with a 3 hour min

for an average 2 bed 2 bath i would quote about 3-4 hours to complete, stairs will play a factor but i think i recall you saying one location is first level?

we accept cash or card as payment with a 3% fee for credit, please let me know if you need any further information. thank you!
