Re: King County's revised estimate for their Comprehensive Solid Waste Management Plan (Draft January 2018)

Dear Commissioner Johnson:

On behalf of King County, the WA Department of Ecology is requesting a revised cost estimate for the County's Draft Comprehensive Solid Waste Management Plan, originally emailed to UTC for formal review on January 8, 2018. At the recommendation of its reviewers, King County has decided to change its planning cycle (Year 1) from starting in 2017 to 2018. Today, I am forwarding King County's revised cost estimate for 2018-2023 along with this cover letter to make this formal request for revision review.

Please forward copies of your correspondence regarding this Plan with King County to me, and also please inform me of the date if and when this item will be presented at the UTC public meeting.

I look forward to receiving your input, and may be reached at:

Vicki Colgan
