Electric Tariff G

SCHEDULE 258
ELECTRICITY ENERGY EFFICIENCY PROGRAM (Continued)
Large Power User Self-Directed Program

5. **PROGRAM MECHANICS:** Each program cycle is comprised of a multi-year non-competitive phase followed by a competitive phase followed by a period of time that will allow for Customers to complete projects.
- a. Non-competitive phase: The amount available to each eligible Customer in the non-competitive phase is an allocation of the total funding available under this schedule. The allocation is based on the amount of revenues that are estimated to be collected from the Customer under Schedule 120 of this Tariff from January 1, 2018, through December 31, 2021. The individual Customer shall propose the funding of eligible Measures with the allocated funding during the non-competitive phase of each program cycle. (C)
- i. Individual allocations not proposed for use by the Customer during the non-competitive phase will be available to all Customers eligible for Schedule 258 during the competitive phase of the current program cycle through a competitive bid process.
- ii. Individual allocations contracted for use during the non-competitive phase but are not actually fully utilized by the Customer, will be transferred to the budget for all Electricity Energy Efficiency Programs under this Tariff at the end of the program cycle.
- b. Competitive phase: All Customers eligible for Schedule 258 are eligible to compete for funds during the competitive phase.
- i. The funds available during the competitive phase are described in 5.a.i. above and 5.c. below.
- ii. Funds contracted for use during the competitive phase but are not actually fully utilized by the Customer, will be transferred to the budget for all Electricity Energy Efficiency Programs under this Tariff at the end of the program cycle.
- c. True-up: Where the actual collections from all Schedule 258-eligible Customers under Schedule 120 of this Tariff (minus costs of administration and NEEA costs) are more or less than the amount allocated to Customers in the non-competitive and competitive phases, the difference will be transferred to the funding for the competitive phase of the next following program cycle.
