Rule 11 - Bills / Late Payment Charge

All bills shall be paid monthly and are due and payable upon receipt and are considered delinquent no less than fifteen (15) days after the date mailed. Bills will be deemed received upon personal delivery to customer or three (3) days following the deposit of the bill in the United States mail to the customer's last known address. Where the meter has not been read, a minimum bill will be rendered and adjusted when the next succeeding meter reading is available.

A Late Payment Charge as specified in **Schedule X** of the unpaid balance may be added to each account for each month the bill is unpaid. The late payment charge will not be applied to any disputed amount unless such amount remains unpaid for more than 15 days after the dispute has been resolved. (T)

Rule 12 - Deposits

The utility may require a deposit in situations where a customer's service has been disconnected for nonpayment of amounts owed to the utility or when a customer is unable to establish or maintain credit with the utility.

The deposit will not be more than an average three-twelfths of estimated annual billing. (For customers billed monthly)

Interest on deposits will be accrued at the rate calculated as a simple average of the effective interest rate for new issues of one year Treasury bill, computed from December 1 of each year, continuing through November 30 of the following year. Interest is computed from the time of deposit to the time of refund and is compounded annually.

Deposits, plus any accrued interest, less any amount owed for service rendered, will be refunded to the customer: 1) where the customer has for 12 consecutive months paid for service when due or 2) upon termination of service.

In addition, the utility will comply with all provisions of the Commission's deposit rules, specifically, the WAC on Deposits.
