

**Important Notice for Washington
Electric Customers
May 2020**

On March 26, 2020, Avista filed a request with the Washington Utilities and Transportation Commission (Commission) to decrease electric rates to qualifying customers effective July 1, 2020. The request reflects a rate adjustment to increase the present rebate customers are receiving related to Renewable Energy Credits (“RECs”).

Currently, Avista is currently rebating to customers approximately \$1.5 million. That rebate expires June 30, 2020. In the present filing, Avista is proposing to adjust the REC Revenue rebate to reflect an increase in the projected net REC revenues for the July 2020 – June 2021 time period. That amount is \$1.9 million. The net effect of the new and expiring REC rebate is a decrease in revenue of approximately \$0.4 million, or 0.1%. The change in the rate credit has no effect on Avista’s net income.

Change in Rates - The average residential customer using 918 kWhs per month will see a decrease of \$0.06 per month, or approximately 0.1%. The present bill for 918 kWhs is \$82.22 while the proposed bill is \$82.16. The actual increase will vary based on customer usage. The percentage change for electric customers varies by rate schedule and depends on how much energy a customer uses. If approved, customers would see the following rate adjustments:

Proposed Schedule 1 Residential Rates:

Electric Service	Current Bill Rate	Proposed Change	Proposed Bill Rates
Basic Charge	\$ 9.00		\$ 9.00
First 800 Kwh/Month	\$ 0.07817	\$ (0.00007)	\$ 0.07810
Next 700 Kwh/Month	\$ 0.09049	\$ (0.00007)	\$ 0.09042
Over 1,500 Kwh/Month	\$ 0.10560	\$ (0.00007)	\$ 0.10553

Proposed Rate Income by Schedule:

Schedule No.	Rate Schedule	Increase in Billed Revenue
1/2	Residential	-0.08%
11/12	General Service Schedule	-0.05%
21/22	Large General Service Schedule	-0.06%
25	Ext. Lg General Service Schedule	-0.12%
31/32	Pumping Service Schedule	-0.10%
41-48	Street and Area Lights	0.03%
	Overall	-0.08%
