Subject: RE: Case 19-087 dig law review

Good afternoon Jon,

PSE acknowledges the locate referenced was inaccurate. The mismark was due to the signal from the gas line bleeding off onto the nearby water pipe. PSE credits Johansen Construction for taking appropriate and swift action to prevent damage and injury. Johansen dug carefully to expose what was marked as our gas main, and when a water pipe was discovered, they contacted PSE for assistance. Please forward my contact info below. If Johansen ever needs a direct PSE contract for locating issues that arise, I am happy to assist and expedite corrective actions. I also work out of Tacoma, and will gladly meet on site.

Thank you,

Jeff Horton

Jeff,

As agreed, I have attached the Call-in review notification letter for September 15, 2020, at 8:30 AM on Case 19-087 filed by Johansen Construction Co. against Puget Sound Energy, addressing an alleged violation of RCW 19.122.030; a copy will arrive by post. Included are the conference line number, a copy of the complaint filed, and a short description of the Call-in process for your day and time.

If you have any questions regarding this process, please call me at 425-835-3451.

Respectfully,
Shelley Cornelius
